Hikers in the Spotlight

All of our students have had the opportunity to be a “Hiker in the Spotlight.” I think they really enjoyed it. Next week, I will bring in some show-n-tell items from home to share with the kids.

Classroom News

Students were very excited to learn repeated addition and start multiplication. Next week, we will continue to learn multiplication if our schedule allows. The living museum presentations will take precedence. If we have time for multiplication, students will have math homework.

Students took their last reading and social studies test this week. Tests will go home next week.

This is our last week for spelling, reading, & math homework (possibly). There will not be any homework the last week of school.

Math facts fluency logs for May are due next Friday (May 25th).

Please remember to have your child wear a red shirt next Friday for our field trip to the museum.

If you anticipate that your child will NOT be at school any day during the last week, please let me know as I will need to make sure I get a big hug from them!

Please cut, sign, and return

School Days

Please be sure to ask your
child about the following
activities from this past
week: repeated addition,
multiplication, kindness,
literature circle, and
economics.

The Living Museum in first grade will take place
on Monday, May 21st – Thursday, May 24th.

Please see the schedule below to see when your
child will need to give his/her presentation.

5/21 – VZ, RW, ZS, LR, & ES

5/22 – MR, MN, AN, JM, & EL

5/23 – QL, RK, BH, SG, & CE

5/24 - AC, MB, & AA

****Please send in your child's outfit with them to
school on their day to present their historical
figure. Students will have the opportunity to
change into their clothing before presenting.
There is no need for them to wear it to school.**

Also, presentations should be approximately
7-10 minutes long. If they go over the time,
that is ok. 2-3 minutes is not long enough.
