**March 13<sup>th</sup>- 17<sup>th</sup>:** Spring Break !!!!

**Ask your child about:**

- Dr Seuss day
- 1 minute fluencies
- "Wonder"
- Making fact family houses
- Student of the week

Dear first grade families,

It was a busy week in first grade and we had a great time! We continued to learn about the past, present, and future for reading and we also celebrated Dr. Seuss' birthday.

Our intern, Ms. Mitchell did a great job this week and taught a fun math lesson and craft. The students also enjoyed math centers and they worked really hard. They all did so well on their math tests! I was able to catch up on grading so I sent home a lot of assignments and they are posted on Skyward.

Next week, we will not have any spelling words or homework. I will still send home some fun activities to complete as well as math starting on Monday. I will also allow each student to bring one stuffed animal to read with on Friday.

Looking forward to another fun week ahead!

Sincerely,  
Ms. Martinez

**Friendly reminders:**

- Please ensure to remind your child about classroom etiquette such as sitting in chairs properly, keeping hands/feet to themselves, and listening during instruction.
- I would like to set up another cooking lesson or a STEM lesson for the students. Email me if you're interested in volunteering!

"A true friend is one who overlooks your failures and tolerates your success." Doug Larson
