- 11/7 – Fall Picture Day
- 11/8 – Veterans Day Assembly (all are welcome)
- 11/11 – No School – Veterans Day
- 11/12 – Conference Day – please sign up using the link at the bottom of the newsletter
- 11/20 – Early Release
- 11/25 – 11/29 – No School – Thanksgiving break

Announcements

**Math** – Our class continues to talk about different methods of multiplying. We discussed, briefly, the distributive property. Please keep practicing math facts as much as possible. The students are now in their 1-minute fluency timings.

**Reading** – We tested on review words. Next week we will go back to our normal reading schedule. Charlotte's Web has been a joy to read. Now we will compare the movie to the book. The class practiced reading a passage and then answering questions about details and reviewing text features.

**Science**– We read our Scholastic News magazine titled "Who Will Win" and "Balloon Race". We also made paper airplanes and experimented with flying the planes. This went along with scientists question a lot and conduct experiments. We had also had music this week.

**Music** – for our next rotation students will begin an abstract art project using oil pastels in order to create gradients within shapes.

**Reminders** - Check the purple folder daily and empty contents. Bring a water bottle.

Please sign up on Sign Up Genius for my conference day. Please use the following link:
