### News from the Classroom

I wanted to let parents know that we are NOT doing any “at home tests” or other extra schoolwork during this storm break. I am sending today’s homework, and we will extend this week’s work to next week as well. The spelling and vocabulary will be for this week and next. Today’s homework is:  
Math - pp. 159-160 #1-9 and odds on the back; Spelling - words 3x  
Reading - read 60 min this week and answer 2 questions on the log.

**Be sure your student has a water bottle.** The temperatures have been in the 90's. We all need to stay hydrated.

We completed the “testing” portion of the bouncy ball experiment! We tested whether a change in the surface the ball lands on affects how high it bounces. We will complete the experiment steps to show how to calculate and interpret data, and share conclusions. This was all to work on a better understanding of the nature of Science.
